

PRESERVED COACHING STOCK OF BRITISH RAILWAYS

AMENDMENT SHEET NUMBER 121

September / October 2013

MYSTERIOUS CARRIAGES!!!

BR Mark 2 BFK 14123-17123-35507 and the two unidentified Mark 2s at Tyseley – It has been established that the two Mark 2 carriages mentioned in Amendment Sheet 120 as being tarpaulined over and unidentified in the high level ‘coaling stage’ sidings at Tyseley are TSO **5420** and BFK **14123-17123-35507**. This still leaves FK 13509 (NIR 902-920) to be accounted for although the presumption is that this has probably been scrapped.

SR PMV 1360 – The current whereabouts of this vehicle which left the West Somerset Railway earlier this year remains a mystery. Any assistance in establishing its current whereabouts or details of what has happened to it would be greatly appreciated.
