Page 70. - The Internal User number 083286 for SR CCT 1745 should be deleted. It has been established that this vehicle was never taken into Internal User stock and that number 083286 was actually carried by SR CCT 1754.

3) Corrections to 'Preserved Locomotives of British Railways - ninth, tenth and eleventh editions

It has been pointed out that in the London Underground EMU Stock section of these books that the 1938 STOCK DM 11012 has only carried that number since 1984. It was originally numbered 11178 by the LPTB and LTE and only took the identity 11012 when the original car of that number was scrapped.
